## Development and project management company achieves confidence through an integrated management system

### The Customer

EPM Projects is an Australian owned company providing client-side development and project management services in the property and construction industry in Australia in the following sectors:

- Development Consulting.
- Commercial Office Refurbishment, Fit out and Relocation.
- Schools, Colleges and Universities.
- Retirement Living and Aged Care.
- Health.

### The Issue

EPM Projects wanted to be confident that each and every one of their projects would be on-time, on-budget and delight their clients. They saw the implementation of an integrated management system as a way achieving this.

### The Solution

To ensure that their clients receive the best possible services EPM Projects has implemented an integrated management system and is certified to:

- ISO 9001 - Quality Management Systems
- AS/NZS 4801 - Occupational Health & Safety Management Systems
- ISO 14001 - Environmental Management Systems

The system is user friendly, customised to meet the needs of their business, and fully integrated with their existing systems. A win for EPM Projects and a win for their clients.
