

"I couldn't speak more highly of GrowEQ and would have no hesitation to recommend them to anyone who is looking for assistance within the areas of their expertise."

Janet Johnson, Quality & Management Systems
Business Partner, Volvo Group Australia

Multinational transportation giant uses GrowEQ's expertise to deliver internal audits throughout their Australian facilities.

The Customer

Volvo Group Australia (VGA) is the leading provider of heavy transportation equipment and services supplying the Australian, New Zealand and Pacific Island markets. The head office and manufacturing facility is located in Brisbane and several sales/ service locations are found across Australia. The business represents Volvo, Mack, UD and Renault trucks as well as Volvo Penta, Volvo Construction Equipment, Volvo Bus and Volvo Financial Services.

VGA's vision is to be the most desired and successful transport solution provider in the world. Volvo Group Australia is part of the Global Volvo Truck network and their people are dedicated to meet their customers' every need and expectation. Celebrating a presence of over 85 years in Australia, VGA's success is achieved through a team of dedicated staff who all share the common vision to retain and enhance their hard-earned leadership role in the heavy transport industry.

Volvo Group Australia's Testimonial – Janet Johnson, Quality & Management Systems Business Partner

"GrowEQ was engaged to provide some short-term additional capacity to our Quality and Environmental management systems internal audit team. I was very impressed by the way they filled this role. The work GrowEQ delivered was very professional and of high quality."

"One of the benefits in working with Liz and her team was their ability and willingness to extend their expertise into other areas when called on. The work provided by GrowEQ in the period of their engagement was valuable and well received throughout the business. I couldn't speak more highly of GrowEQ and would have no hesitation to recommend them to anyone who is looking for assistance within the areas of their expertise."
